**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I switched from AT&T to Sonic when I heard the availability, better price, and good reports on Sonic's services. When AT&T used to be one of the few limited choices in my area, the fee for both the home phone and internet service were increasing in leaps and bounce, making it tough for me who has limited income and depends on the internet to get much of my work done. And I had no other choice. Sonic, as competitor, offered me a choice as a consumer.

That's why I support broadband competition. Please do not take away access to critical unbundled network elements, and preserve our fundamental American spirit of capitalism - competition for better choices and better service. No monopoly or oligarchy! Preserve consumer rights of choice.
